INDEPENDENT AUDITOR'S REPORT

To the Award Council of the Duke of Edinburgh's Award in Bermuda

Qualified opinion

We have audited the financial statements of the Duke of Edinburgh's Award in Bermuda (the "Award"), which comprise the statement of financial position as at March 31, 2020, the statements of income, expenses and accumulated surplus and cash flows for the year then ended, and notes, comprising significant accounting policies and other explanatory information.

In our opinion, except for the possible effects of the matter described in the *Basis for qualified opinion* section of our report, the accompanying financial statements present fairly, in all material respects, the financial position of the Award as at March 31, 2020, and its financial performance and its cash flows for year ended in accordance with accounting standards for not-for-profit organizations generally accepted in Bermuda and Canada ("ASNFP0").

Basis for qualified opinion

The Award derives the following revenues from the general public in the form of donations, which are included as \$293,781 (2019 - \$148,531) of general fundraising income and \$21,050 (2019 - \$70,917) of golf tournaments fundraising proceeds which are included in the statement of income, expenses and accumulated surplus and cash flows, the completeness of which is not susceptible to satisfactory audit verification. We were unable to obtain sufficient appropriate audit evidence over the completeness of these items. Accordingly, our verification of these revenues was limited to the amounts recorded by the Award, and we were not able to determine whether any adjustments might be necessary to total income and excess of revenues over expenses reported in the statement of income, expenses and accumulated surplus and cash flows for the years ended March 31, 2020 and 2019, and cash and accumulated surplus included in the statement of financial position as at March 31, 2020 and 2019.

We conducted our audit in accordance with International Standards on Auditing (ISA). Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the Award in accordance with International Ethics Standards Board for Accountants International Code of Ethics for Professional Accountants (including International Independence Standards) (IESBA Code) together with the ethical requirements that are relevant to our audit of the financial statements in Bermuda, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

Responsibilities of management and those charged with governance for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with ASNFP0, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Award's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Award or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Award's financial reporting process.

THE DUKE OF EDINBURGH'S AWARD IN BERMUDA

Notes to Financial Statements

March 31, 2020

1. **General**

The Duke of Edinburgh's Award in Bermuda (the "Award") is a full member of the Duke of Edinburgh's International Award Association, which promotes throughout the world the concept of individual challenge to young people between the ages of 14 and 25, by presenting a balanced, non-competitive programme of voluntary activities which encourage personal discovery and growth, self-reliance, perseverance, responsibility to themselves and service to the community. The Award is operated by The Award Council (the "Council") which is made up of representatives from the individual programmes in Bermuda and other persons who are independent of the Award.

On August 20, 2013 the Award was established as a body corporate under The Duke of Edinburgh's Award in Bermuda Act 2013.

2. **Basis of preparation**

The Award follows the Chartered Professional Accountants of Canada ("CPA Canada") Handbook – Accounting Part III: Accounting Standards for Not-for-Profit Organizations ("ASNFPPO").

3. **Significant accounting policies**

These financial statements have been prepared in accordance with ASNFPPO and include the following significant accounting policies:

(a) *Use of estimates*

The preparation of financial statements in accordance with ASNFPPO requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported income and expenses during the period. Actual results could differ from those estimates.

(b) *Expenses*

Expenses are recorded using the accruals basis of accounting.

(c) *Donations and contributions receivable*

Donations are accounted for using the deferral method of accounting. Unrestricted contributions are recognized as revenue when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured. Externally restricted contributions are recognized as revenue in the year in which the related expenses are recognized. Deferred contributions represent unspent funds externally restricted as to use.

(d) *Translation of foreign currencies*

Foreign currency monetary assets and liabilities are translated at the rates of exchange prevailing at the reporting date. Foreign currency income and expenses are translated at the transaction date rates of exchange. All foreign exchange differences arising on translation are included in the statement of income, expenses and accumulated surplus.

(e) *Donated services*

Facilities and professional services donated by local businesses are recorded as donations in the financial statements at fair value.

THE DUKE OF EDINBURGH'S AWARD IN BERMUDA

Notes to Financial Statements

March 31, 2020

3. Significant accounting policies (continued)

(f) Financial instruments

Financial instruments consist of cash and accounts payable. Cash is measured at fair value and accounts payable is measured at amortized cost using the effective interest method.

Financial assets are tested for impairment when there are indicators of impairment. The amount of any impairment write-down is recognized in the statement of income, expenses and accumulated surplus. Any previously recognized impairment loss may be reversed to the extent of the improvement, directly or by adjusting the allowance account, provided it is no greater than the amount that would have been reported at the date of the reversal had the impairment not been recognized previously. The amount of the reversal is recognized in the statement of income, expenses and accumulated surplus.

4. Deferred restricted contributions

In previous years the Award received donations for the purpose of running the Award scheme in the Bermuda prison system (the New Start Project) which started in 2009 and towards other specific projects or expenditures. During the year, the Award received funds of \$26,852 (2019 - \$ nil) externally restricted specifically for the Gold award and related expenses. As these funds are restricted, they are deferred and recognized in the statement of income, expenses and accumulated surplus as expenses are incurred. During the year expenses of \$10,792 (2019 - \$12,489) were incurred and accordingly restricted donation income of \$10,792 (2019 - \$12,489) has been recognized.

5. Donations in kind

In common with many charitable organizations in Bermuda, a variety of administrative and accounting duties have been provided on a donated basis. KPMG provides audit support.

Conyers has donated the use of office space and related equipment and supplies from April 1, 2014.

The fair value of these donated services and office facilities recognized in these financial statements is as follows:

	<u>2020</u>	<u>2019</u>
Audit	\$ 37,000	\$ 36,700
Office space	<u>21,000</u>	<u>21,000</u>
	<u>\$ 58,000</u>	<u>\$ 57,700</u>

6. Other income

Other income comprises interest income. Interest income includes income arising from interest earned on cash balances and is recognized on receipt.

THE DUKE OF EDINBURGH'S AWARD IN BERMUDA

Notes to Financial Statements

March 31, 2020

7. Financial instruments

Fair values

The estimated fair values of the Award's financial assets and liabilities approximate their carrying values due to their short-term nature.

The estimates of fair values presented herein are subjective in nature and not necessarily indicative of the amounts that the Award would actually realize in a current market exchange. Certain items such as accrued liabilities are excluded from fair value disclosure. Thus, the carrying amounts of all items in the statement of financial position cannot be aggregated to determine the underlying fair value of the Award.

Liquidity risk

Liquidity risk is the risk that the Award will encounter difficulties in meeting its financial liability obligations. The Award manages liquidity risk by holding sufficient cash to enable it to meet its liabilities as they fall due, and by continually monitoring actual and projected cash flows. There is no significant liquidity risk.

The Award deposits the majority of its cash surpluses with two Bermuda-based banks, HSBC Bank Limited which has an A- credit rating and Bank of N.T. Butterfield and Son Ltd., which has a BBB credit rating according to S&P.

Price risk

Price risk is the risk that the future changes in market prices may render financial instruments less valuable or increase the liability associated with such instruments. The Award is not exposed to significant price risk.

Credit risk

Credit risk is the risk that a donor or counterparty to a financial instrument fails to meet its contractual obligations to the Award, and arises principally from cash. The maximum exposure to credit risk is represented by the carrying amount of these financial assets on the Award's statement of financial position. The Award limits its exposure to credit risk by investing all of its cash with two Bermuda-based financial institutions regulated by the Bermuda Monetary Authority. Management believes that the Award is not exposed to any significant concentration of credit risk.

Interest rate risk

Interest rate risk arises from changes in prevailing levels of market interest rates. The Award earns interest at variable rates on its cash balances. It is management's opinion that the Award is not exposed to significant interest rate risk.

Foreign currency risk

Foreign currency risk is the risk that arises from the change in price of one currency against another. The Award is not exposed to significant foreign currency risk as the majority of its transactions are denominated in Bermuda Dollars.

THE DUKE OF EDINBURGH'S AWARD IN BERMUDA

Notes to Financial Statements

March 31, 2020

8. Capital management

The Award defines capital, for its own purposes, as unrestricted accumulated surplus. During the current year, the Award's objective when managing capital, which was unchanged from the prior year, was to hold sufficient excess capital to enable it to withstand negative unexpected financial events and continue as a going concern. The Award seeks to achieve this objective by minimizing its exposure to financial leverage and by holding cash to maintain sufficient liquidity to enable it to meet its obligations as they become due. As at March 31, 2020, the Award's had an unrestricted surplus capital which amounted to \$104,404 (2019 - \$57,386). The Award is not subject to any externally imposed requirements on capital.

9. Government remittances payable

Included in accounts payable and accrued liabilities as at March 31, 2020 are government remittances payable of \$14,476 (2019 - \$ nil).

10. Contribution from the Foundation

During the year, the Board of Trustees of the Duke of Edinburgh's Award Bermuda Foundation approved a contribution of \$100,000 (2019 - \$ nil) to the Duke of Edinburgh's Award in Bermuda. This related party transaction is included within general fundraising income in the statement of income, expenses and accumulated surplus.

11. Risks and uncertainties due to COVID-19

During the year, many countries including Bermuda experienced an outbreak of the COVID-19 virus and on March 11, 2020, the World Health Organization officially declared the outbreak of COVID-19 a global pandemic. Management is closely monitoring the evolution of this pandemic, including how it may affect the economy and the general population. COVID-19 has caused disruption to businesses and economic activity, which has been reflected in recent fluctuations in global and local stock markets. Given the inherent uncertainties, it is not practicable at this time to fully determine the impact of COVID-19 on future financial and operational performance of the Award.

An initial assessment of the financial statements items that have potential to be impacted are donation revenues. This in turn could impact the Award's solvency position. The quantitative impact cannot be reasonably estimated at this time, however this could potentially be significant to the Award. The Award is monitoring developments relating to COVID-19 and is coordinating its operational response based on existing business continuity plans and on guidance from global health organizations, relevant governments, and general pandemic response best practices.

Based on its latest management accounts and its projected cash flows, the Award has the ability to continue in operation for the foreseeable future, and therefore continues to adopt the going concern basis in preparing its financial statements. Accordingly, these financial statements do not reflect any adjustments to the carrying value or classification of the Award's assets and liabilities that would be necessary if the going concern assumption was not appropriate.
